

# Download Activity Diagram In Software Engineering

Activity diagrams are graphical representations of workflows of stepwise activities and actions with support for choice, iteration and concurrency. An Activity Network Diagram is also called an Arrow Diagram or a PERT Diagram. You can draw the activity network diagram easily with Edraw software. Software engineering is the application of engineering to the development of software in a systematic method. Notable definitions of software engineering include: In many ways UML Activity diagrams are the object-oriented equivalent of flow charts and data-flow diagrams (DFDs). They are used to explore the logic of:
