Dell XPS (Xtreme Performance System) is a line of high performance computers manufactured by Dell. Just a couple of months ago we took a look at the newest iteration of the highly-regarded Dell XPS 13, which spearheaded the now so popular "narrow-bezel" design. The Dell XPS 13 serves up a new color, a powerful Intel Whiskey Lake processor, a 4K display (and ditches the ridiculous Dell's XPS 15 (9570) looks the same as its predecessors, but a new six-core processor and upgraded graphics drastically increases performance and
